

When you properly store and get rid of unused medications, you're doing your part to keep Vermonters—and Vermont—healthy and safe.

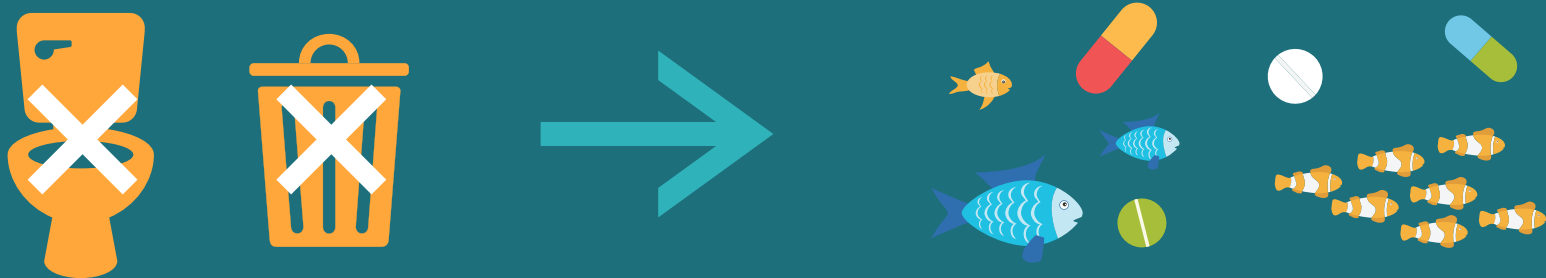

HERE'S WHY IT'S SO IMPORTANT:

More than half of people who misuse prescription medication get it from a friend or relative, often straight out of the medicine cabinet.

Improperly stored medications can be a risk to kids and pets.

Flushing or tossing medications in the trash is a danger to our waterways and wildlife.

DO YOUR PART WITH THESE EASY STEPS:

LOCK

Store medications in a lock box or locked medicine cabinet.

DROP

Drop off unused medication at a kiosk at your local pharmacy or police station.

MAIL

Mail unused medication in a pre-paid envelope.
